Perspectives
Textured Doorglass

A view. A viewpoint.

A city skyline. An attraction to cultural artifacts.

A swirl of clouds. A cosmopolitan sensibility.

A colorful marketplace. An appreciation for tradition and trends.

The front door of your home. A perspective on what lies beyond.

ODL considered views and viewpoints from around the world as we designed our Perspectives line. Textures, colors, patterns, terrain, objects, cultural influences—all led to this diverse collection of privacy glass styles for your entry door.

Striking the right balance between privacy and security for your home’s entry and a desired level of natural light can be tricky. Move the scale too far to one side and you end up with a dark entryway. Move it too far to the other and you end up with too much visibility into your home. Privacy glass offers a balance of the two. It filters glass for privacy without filtering light.

Each of Perspectives’ nine styles brings a unique perspective to your door and home. Each offers an understated, minimalist approach to doorglass design. Each provides textures and patterns that create privacy. And all give you what only glass can: A dynamic and beautiful play of shadow and light.

Perspectives doorglass is available with Low-E glass.
Offering a high level of privacy and an understated backdrop, Blanca has a frosted, slightly stippled surface.

Geo-Tex’s highly textured, geometric pattern is reminiscent of the pottery of Native Americans or weavings found in Moroccan markets. It has a strong symmetrical appearance and high level of privacy for your entryway.

Whether reminiscent of a soft linen shirt or an elegantly embroidered linen tablecloth, Linen’s lightly etched glass and woven pattern complement casual or formal entryway designs. The translucent white glass and soft moiré of Linen’s threads give it a high level of privacy. Textured surface exposed to the inside of the home.
